CO-OP MILLIONS READY MONDAY

Second $7,000,000 Co-op Payment

The second payment of the Tobacco Growers Cooperative Association will be made to all its members in the old belt of North Carolina and Virginia next Monday, January 22nd, according to the announcement made at the meeting of directors in Richmond this week.

Checks amounting to seven million dollars will be distributed from all the warehouses of the association in the bright tobacco belt of western North Carolina and Virginia next Monday. This payment will bring the total disbursements of the association to more than $19,000,000 to date.

The third cash payment of the Tobacco Growers Cooperative Association will be made to the organized growers of South Carolina about February 15th, according to this week's announcement of the directors

More than $27,000,000 increase in the value of the North Carolina tobacco crop is due chiefly to cooperative marketing, according to George A. Norwood of Goldsboro, president of the Tobacco Growers Cooperative Association.

President Norwood while in Raleigh for the combined conference of cotton and tobacco cooperatives pointed out that in spite of the enormous increase of 54,000,000 pounds in this year's state production tobacco has risen in price.

Practically every other farm crop except the two great organized crops of cotton and tobacco have shown decided slumps in price wherever a surplus was dumped upon the market this year, according to the latest bulletin of the North Carolina Crop Reporting Service.

BUCKINGHAM

Just as I have taken my pen to write two sporty looking young men have run by on fine horses and seem to enjoy the exercise, I mention this as being a rare sight now a-days. I have just been reading of Ashby & Stuart the two great Cavalry leaders that the civil war produced and of the feats of horsemanship that these daring Generals preformed, but the horse seems to be relegated to other climes than ours now and all kind of machines are taking his place

At Rustburg, Buckingham, Prospect and many other places the public schools were closed last week on account of sickness.

One of the teachers in rural schools in Buckingham is reported to me as having married and I am on the look out for a teacher to take her place, but I especially request that young ladies who have no certificates do not apply

The line is to be an electric line run from Prospect to Framville and with the coming of spring the quiet little villa will probably be lighted up with electricity.

People who invested in War Saving securities had no idea of the red tape and trouble they are to have in cashing these securities and where an estate is to be wound up by an administrator or executor and the bonds are registered bonds; it will take some time to realize on these holdings. The Treasury Saving certificates that sold for $80 for each $100 bond are now sold at $82. This does not mean that those who held the certificates issued in 1919 can sell them at an advantage of $2 for they are not transferrable.

The wheat crop would improve by being covered with snow and those who think we will not have snow had better prepare for it. Ice houses have been cleaned out and ponds prepared and we may yet get all the ice we need.

I was at a meeting of church members who came together to study the Bible and the lesson for the night was the story of the Prodigal Son. Among the questions asked was, what is the worst sin a boy can be guilty of. I would like for readers of the Virginian to express their opinions on this subject, each one in as few words as will express what they want to say.

I saw a lady have her sun parlor where she had her flowers arranged warmed up by a big Student's lamp which she kept burning at night to keep her flowers from freezing.

My annual report from my district which is No 140 gives the total deaths for the twelve months ending Jan. 10th 1923 as eleven and the total number of births for the same peroid was twenty seven. Mr. Elijah Newton another registra who has charge of a part of Mays ville and a part of Marshall districts has made a good registra but he wants to give up the position on the account of pressure of other business.

Miss Julia Lyle one of the teachers in the high school at Prospect was at Curdsville spending the week-end with Miss Hilda Baldwin when her brother, from Keysville, came for her and when she got home she found her mother paralyzed and on Tuesday night of last week she died The teachers who labored with Miss Julia at Prospect sent a floral offering which they ordered by telegraph to be sent to Keysville.

Mr. Munro Johns on last Friday went up to Hampden Sidney to see his son, Ruben, who has been sick at college

A letter from Mr John Hawkins at New Martinesville, Va., reports him as having a severe case of influenza.

Mrs. Annie P. Cox was quite sick at her home the past week.

Miss Hilda Baldwin came to her home at Curdsville to spend the week end. She is one of the teachers in the nigh school at Curdsville.

REDUCED FARES ON ALL RAILROADS GOOD ROADS ASSOCIATION CONVENTION, ROANOKE

Reduced fares have been granted by the railroads in Virginia from all points within the State and Washington, D. C., to Roanoke, on account of the Virginia Good Roads Association convention., to be held in that city January 29, 30 and 31. The rate will be a fare and a half on the certificate plan. Those attending the good roads convention on the purchase of the one-way ticket to Roanoke will request a certificate. This certificate, when signed at the convention, will entitle the holder to a return ticket a half price.

STATE HIGHWAY COMMISSIONER QUITS

George P. Coleman, State Higaway Commissioner, tendered his resignation to Henry G. Shirley, Chairman of the State Highway Commission, to become effective as of Thursday, Jan. 18th. The resignation was accepted. In his letter to chairman Shirley the Commissioner expressed belief that he could accomplish better work for State Highway department outside of the Highway department, where he would be "unhampered. The resignation bore date of January 11, but was not sent to Chairman Shirley [illegible] bringing [illegible] had been State Highway Commissioner of Virginia since the creation of the State Highway Department in 1906. In a statement given out by Mr. Coleman Thursday afternoon in Richmond he said that he purposed maintaining his headquarters in that city, where he will be intimately associated with the Virginia Good Road's Association, although not officially. The salary of Mr. Coleman as Highway Commissioner was placed at $6,000. It is thought by many that the office of State Highway Commissioner will not be continued, but that a "chief engineer" will eventually be named to succeed to this vacancy. Should such action be taken, the appointment will probably not be made for several months.

Ford

THE UNIVERSAL CAR

INTERESTING FACTS

105,799 Ford Cars and Trucks Retailed in December

Approximately the same number scheduled for delivery this month

What Does This Mean?

This volume of deliveries to actual owners is entirely unprecedented for this time of the year—

It has taxed the manufacturing ability of the Ford plants working at full capacity—

It indicates a volume of business during the rapidly approaching months of "heavy demand" which will be far beyond the maximum production schedule which the Ford Motor Company has set—

And that means a Ford shortage even more acute than the one which existed last Spring and Summer.

Dealers' stocks all over the country are low—there are no reserves to draw upon to meet the demands for delivery—

There is no way in which dealer reserves can be built up, as deliveries have been made to customers as fast as cars could be manufactured since last April.

The only way you can protect your desire to obtain prompt delivery of a Ford even at this time is to place your order immediately.

This emphasizes more strongly than anything we could possibly say the necessity of your making prompt arrangements with a Ford Dealer for the listing of your order, particularly if you are contemplating the purchase of a Ford Car or Truck for use this Spring or Summer.

We believe you are entitled to know these facts as they actually exist.

MAKING THEM AMERICANS

How few of us realize the importance of making over the foreigner—of implanting American ideals, ideas and common sense in place of socialistic and maybe anarchistic theories. It means a lot to every American citizen. This work and many other interesting activities of the Department of Labor are discussed in the twelfth issue of the series of beautifully illustrated booklets on Our Government which we have been distributing to representative citizens of this community.

If by any chance you have failed to receive regularly your copies of this series that has been so favorably commented upon, visit us today and from the limited supply on hand we will gladly complete your set.
